

WE CONVERT YOUR DREAMS IN TO REALITY

ABOUT

A ONE CONSTRUCTION

Even the vastly-travelled would agree that there is nothing like the welcoming warmth of a home.

At A One, we build it to perfection, seamlessly blending casual comfort with thoughtful and smart conveniences. We offer integrated designs, engineering, procurement, construction and project management services in the construction and infrastructure sector.

Backed by a highly futuristic vision, A One construction has delivered households based on customer requirements at reasonable and reality based prices.

With a track record of delivering homes on time without compromising on quality, A One has become a reliable and bankable brand.

During this term, we have successfully built more than 53 residential houses as well as commercial projects. We are working tirelessly to launch a number of residential and commercial projects on a much wider scale in prime locations across Kota city.

VISION

Continuing the legacy: Over the years, has built a legacy by offering genuine works that offer a great user experience. Our vision is to keep building on such experiences and ensure that the legacy stays alive.

CUSTOMERS COME FIRST

A One has been able to build itself as a genuine brand by keeping the client's requirements first. In future, the company sees itself further understanding the needs of the customers and offering completely customer-friendly homes.

MISSION

Environment, health and safety: A One is aware of their responsibilities. By being environment friendly in all possible ways, we ensure the health and safety of the whole ecosystem is maintained.

PROFESSIONALISM GUARANTEED

Working with the best people in the industry is something we are known for & we believe in teamwork and dedication. We provide the security of work and safeguards from probable losses that may arise from quality issues.

QUALITY FIRST QUANTITY SECOND

We firmly believe in quality over quantity. Delivering projects on time and not taking more than we can chew has been our goal. We deliver homes and we make sure they deserve the due respect.

OBJECTIVE

Ethical standard: Integrity and honesty are two values that A One stands by at all times. Even though we soar high, we are, at all times, firmly rooted in our core values.

SERVICES WE OFFER

SUSTAINABLE ARCHITECTURE

A One construction believes that a design that focuses on resource efficiency and minimum environmental impact can be achieved without compromising on the visual delights. Therefore, we are producing visual masterpiece while simultaneously fulfilling all the due responsibilities we have towards the environment.

CONSTRUCTION

Services relating to building design, construction and maintenance have formed a core activity in our operations. We also offer consultancy services in preliminary work, building design, construction management, construction supervision, and maintenance work.

INTERIOR DESIGNING

Your home is all about you. From the first call, we try to understand you and your expectations from a living space. We work with you on finding the right balance between aesthetics and functionality, as well as ensuring that budget, time and quality goals are met.

EXTERIOR DESIGNING

Our entire exterior designing service is rendered under the team of professionals who have outstanding design knowledge as well as imagination.

We, at A One construction, have outstanding potential and our highly dedicated professionals assist you to mix as well as match styles, textures and colours in order to make an outstanding and stunning exterior. Therefore, with us, you are sure to get amazing & flawless designs as well as on-time projects that too at best affordable rate.

CONSTRUCTION PLANNING AND PROJECT MANAGEMENT

We handle a wide variety of construction projects that require construction management in order to be successful. The type of project management we handle includes residential home building and renovation, heavy industrial construction, commercial and institutional construction, engineering construction etc.

We also provide consultancy services in estimating and negotiating project costs as well as formulating the construction budget.
